2. Processing of Data

2.1 The rights and obligations of the Controller with respect to this Processing are described herein. Controller shall, in its use of the Services, at all times Process Personal Data, and provide instructions for the Processing of Personal Data, in compliance with the General Data Protection Regulation (Regulation (EU) 2016/679) (the “GDPR” and together, “Data Protection Laws”). Controller shall ensure that its

instructions comply with all laws, rules and regulations applicable in relation to the Personal Data, and that the Processing of Personal Data in accordance with Controller's instructions will not cause Processor to be in breach of the Data Protection Laws. Controller is solely responsible for the accuracy, quality, and legality of (i) the Personal Data provided to Processor by or on behalf of Controller, (ii) the means by which Controller acquired any such Personal Data, and (iii) the instructions it provides to Processor regarding the Processing of such Personal Data. Controller shall not provide or make available to Processor any Personal Data in violation of the Agreement or otherwise inappropriate for the nature of the Services, and shall indemnify Processor from all claims and losses in connection therewith. This Addendum does not apply to Personal Data for which Processor is a controller.

2.2 Processor shall not Process Personal Data (i) for purposes other than those set forth in the Agreement and/or Exhibit A, (ii) in a manner inconsistent with the terms and conditions set forth in this Addendum or any other documented instructions provided by Controller, including with regard to transfers of personal data to a third country or an international organization, unless required to do so by Supervisory Authority to which the Processor is subject; in such a case, the Processor shall inform the Controller of that legal requirement before Processing, unless that law prohibits such information on important grounds of public interest and (iii) in violation of the GDPR. Controller hereby instructs Processor to Process Personal Data in accordance with the foregoing and as part of any Processing initiated by Controller in its use of the Services.

2.3 The subject matter, nature, purpose, and duration of this Processing, as well as the types of Personal Data collected and categories of Data Subjects, are described in Exhibit A to this Addendum.

2.4 Following completion of the Services, at Controller's choice, Processor shall return or delete the Personal Data, unless further storage of Personal Data is required or authorized by applicable law. If return or destruction is impracticable or prohibited by law, rule or regulation, Processor shall take measures to block such Personal Data from any further Processing (except to the extent necessary for its continued hosting or Processing required by law, rule or regulation) and shall continue to appropriately protect the Personal Data remaining in its possession, custody, or control. If Controller and Processor have entered into Standard Contractual Clauses as described in Section 6 (Transfers of Personal Data), the parties agree that the certification of deletion of Personal Data that is described in Clause 12(1) of the Standard Contractual Clauses shall be provided by Processor to Controller only upon Controller's request.

3. Authorized Employees

3.1 Processor shall take commercially reasonable steps to ensure the reliability and appropriate training of any Authorized Employee.

3.2 Processor shall ensure that all Authorized Employees are made aware of the confidential nature of Personal Data and have executed confidentiality agreements that prevent them from disclosing or otherwise Processing, both during and after their engagement with Processor, any Personal Data except in accordance with their obligations in connection with the Services.

3.3 Processor shall take commercially reasonable steps to limit access to Personal Data to only Authorized Employees.

4. Authorized Sub-Processors

4.1 Controller acknowledges and agrees that Processor may (1) engage its affiliates and the Authorized Sub-Processors listed in Exhibit C to this Addendum to access and Process Personal Data in connection with the Services and (2) from time to time engage additional third parties for the purpose of providing the Services, including without limitation the Processing of Personal Data. By way of this Addendum, Controller provides general written authorization to Processor to engage sub-processors as necessary to perform the Services.

4.2 A list of Processor's current Authorized Sub-Processors (the "List") will be made available to Controller, either attached hereto, at a link provided to Controller, via email or through another means made available to Controller. Such List which may be updated by Processor from time to time. The List may provide a mechanism to subscribe to notifications of new Authorized Sub-Processors and Controller agrees to subscribe to such notifications where available. At least ten (10) days before enabling any third party other than Authorized Sub-Processors to access or participate in the Processing of Personal Data, Processor will add such third party to the List. Controller may reasonably object to such an engagement on legitimate grounds by informing Processor in writing within ten (10) days of receipt of the aforementioned notice by Controller. Controller acknowledges that certain sub-processors are essential to providing the Services and that objecting to the use of a sub-processor may prevent Processor from offering the Services to Controller.

4.3 If Controller reasonably objects to an engagement in accordance with Section 4.2, and Processor cannot provide a commercially reasonable alternative within a reasonable period of time, Processor may terminate this Addendum. Termination shall not relieve Controller of any fees owed to Processor under the Agreement.

4.4 If Controller does not object to the engagement of a third party in accordance with Section 4.2 within ten (10) days of notice by Processor, that third party will be deemed an Authorized Sub-Processor for the purposes of this Addendum.

4.5 Processor will enter into a written agreement with the Authorized Sub-Processor imposing on the Authorized Sub-Processor data protection obligations comparable to those imposed on Processor under this Addendum with respect to the protection of Personal Data. In case an Authorized Sub-Processors fails to fulfill its data protection obligations under such written agreement with Processor, Processor will remain liable to Controller for the performance of the Authorized Sub-Processor's obligations under such agreement

4.6 If Controller and Processor have entered into Standard Contractual Clauses as described in Section 6 (Transfers of Personal Data), (i) the above authorizations will constitute Controller's prior written consent to the subcontracting by Processor of the processing of Personal Data if such consent is required under the Standard Contractual Clauses, and (ii) the parties agree that the copies of the

agreements with Authorized Sub-Processors that must be provided by Processor to Controller pursuant to Clause 5(j) of the Standard Contractual Clauses may have commercial information, or information unrelated to the Standard Contractual Clauses or their equivalent, removed by the Processor beforehand, and that such copies will be provided by the Processor only upon request by Controller.

5. Security of Personal Data. Taking into account the state of the art, the costs of implementation and the nature, scope, context and purposes of Processing as well as the risk of varying likelihood and severity for the rights and freedoms of natural persons, Processor shall maintain appropriate technical and organizational measures to ensure a level of security appropriate to the risk of Processing Personal Data.

6. Transfers of Personal Data

6.1 The parties agree that Processor may transfer Personal Data processed under this Addendum outside the European Economic Area (“EEA”) or Switzerland as necessary to provide the Services. If Processor transfers Personal Data protected under this Addendum to a jurisdiction for which the European Commission has not issued an adequacy decision, Processor will ensure that appropriate safeguards have been implemented for the transfer of Personal Data in accordance with Data Protection Laws.

6.2 Where required, any transfer of Personal Data made subject to this Addendum to any countries which do not ensure an adequate level of data protection shall be undertaken by Processor through one of the following mechanisms: (a) in accordance with the Swiss-U.S. and EU-U.S. Privacy Shield Framework and Principles issued by the U.S. Department of Commerce, both available at <https://www.privacyshield.gov/EU-US-Framework> (the “Privacy Shield Principles”), or (b) the Standard Contractual Clauses set forth in **Exhibit B** to this Addendum.

6.3 If transfers are made pursuant to 6.2(a), Processor self-certifies to, and complies with, the Swiss-U.S. and EU-U.S. Privacy Shield Frameworks, as administered by the U.S. Department of Commerce, and shall maintain such self-certification and compliance with respect to the Processing of Personal Data transferred from member states of the EEA or Switzerland to any countries which do not ensure an adequate level of data protection within the meaning of the laws and regulations of the foregoing countries for the duration of the Addendum.

7. Rights of Data Subjects

7.1 Processor shall, to the extent permitted by law, notify Controller upon receipt of a request by a Data Subject to exercise the Data Subject’s right of: access, rectification, erasure, data portability, restriction or cessation of Processing, withdrawal of consent to Processing, and/or objection to being subject to Processing that constitutes automated decision-making (such requests individually and collectively “Data Subject Request(s)”). If Processor receives a Data Subject Request in relation to Controller’s data, Processor will advise the Data Subject to submit their request to Controller and Controller will be responsible for responding to such request, including, where necessary, by using the functionality of the Services. Controller is solely responsible for ensuring that Data Subject Requests for erasure, restriction or cessation of Processing, or withdrawal of consent to Processing of any Personal Data are communicated to Processor, and for ensuring that a record of consent to Processing is maintained with respect to each Data Subject

7.2 Processor shall, at the request of the Controller, and taking into account the nature of the Processing applicable to any Data Subject Request, apply appropriate technical and organizational measures to assist Controller in complying with Controller’s obligation to respond to such Data Subject Request and/or in demonstrating such compliance, where possible, *provided that* (i) Controller is itself unable to respond without Processor’s assistance and (ii) Processor is able to do so in accordance with all applicable laws, rules, and regulations. Controller shall be responsible to the extent legally permitted for any costs and expenses arising from any such assistance by Processor.

8. Actions and Access Requests

8.1 Processor shall, taking into account the nature of the Processing and the information available to Processor, provide Controller with reasonable cooperation and assistance where necessary for Controller to comply with its obligations under the GDPR to conduct a data protection impact assessment and/or to demonstrate such compliance, *provided that* Controller does not otherwise have access to the relevant information. Controller shall be responsible to the extent legally permitted for any costs and expenses arising from any such assistance by Processor.

8.2 Processor shall, taking into account the nature of the Processing and the information available to Processor, provide Controller with reasonable cooperation and assistance with respect to Controller’s cooperation and/or prior consultation with any Supervisory Authority, where necessary and where required by the GDPR. Controller shall be responsible to the extent legally permitted for any costs and expenses arising from any such assistance by Processor.

8.3 Processor shall maintain records sufficient to demonstrate its compliance with its obligations under this Addendum, and retain such records for a period of three (3) years after the termination of the Agreement. Controller shall, with reasonable notice to Processor, have the right to review, audit and copy such records at Processor’s offices during regular business hours.

8.4 Upon Controller’s request, Processor shall, no more than once per calendar year, either (i) make available for Controller’s review copies of certifications or reports demonstrating Processor’s compliance with prevailing data security standards applicable to the Processing of Controller’s Personal Data, or (ii) if the provision of reports or certifications pursuant to (i) is not reasonably sufficient under Data Protection Laws, allow Controller or its authorized representative, upon reasonable notice and at a mutually agreeable date and time, to conduct an audit or inspection of Processor’s data security infrastructure and procedures that is sufficient to demonstrate Processor’s

compliance with its obligations under this Addendum, provided that Controller shall provide reasonable prior notice of any such request for an audit and such inspection shall not be unreasonably disruptive to Processor's business. Controller shall be responsible for the costs of any such audits or inspections, including without limitation a reimbursement to Processor for any time expended for on-site audits. If Controller and Processor have entered into Standard Contractual Clauses as described in Section 6 (Transfers of Personal Data), the parties agree that the audits described in Clause 5(f) and Clause 12(2) of the Standard Contractual Clauses shall be carried out in accordance with this Section 8.4.

8.5 Processor shall immediately notify Controller if an instruction, in the Processor's opinion, infringes the Data Protection Laws or Supervisory Authority.

8.6 In the event of a Personal Data Breach, Processor shall, without undue delay, inform Controller of the Personal Data Breach and take such steps as Processor in its sole discretion deems necessary and reasonable to remediate such violation (to the extent that remediation is within Processor's reasonable control).

8.7 In the event of a Personal Data Breach, Processor shall, taking into account the nature of the Processing and the information available to Processor, provide Controller with reasonable cooperation and assistance necessary for Controller to comply with its obligations under the GDPR with respect to notifying (i) the relevant Supervisory Authority and (ii) Data Subjects affected by such Personal Data Breach without undue delay.

8.8 The obligations described in Sections 8.5 and 8.6 shall not apply in the event that a Personal Data Breach results from the actions or omissions of Controller. Processor's obligation to report or respond to a Personal Data Breach under Sections 8.5 and 8.6 will not be construed as an acknowledgement by Processor of any fault or liability with respect to the Personal Data Breach.

9. Limitation of Liability

9.1 The total liability of each of Controller and Processor (and their respective employees, directors, officers, affiliates, successors, and assigns), arising out of or related to this Addendum, whether in contract, tort, or other theory of liability, shall not, when taken together in the aggregate, exceed the limitation of liability set forth in the Agreement.

The details of the transfer and in particular the special categories of personal data where applicable are specified in Appendix 1 which forms an integral part of the Clauses.

- 3. The data subject can enforce against the subprocessor this Clause, Clause 5(a) to (e) and (g), Clause 6, Clause 7, Clause 8(2), and Clauses 9 to 12, in cases where both the data exporter and the data importer have factually disappeared or ceased to exist in law or have become insolvent, unless any successor entity has assumed the entire legal obligations of the data exporter by contract or by operation of law as a result of which it takes on the rights and obligations of the data exporter, in which case the data subject can enforce them against such entity. Such third-party liability of the subprocessor shall be limited to its own processing operations under the Clauses.
- 4. The parties do not object to a data subject being represented by an association or other body if the data subject so expressly wishes and if permitted by national law.

Clause 4

Obligations of the data exporter

The data exporter agrees and warrants:

- (a) that the processing, including the transfer itself, of the personal data has been and will continue to be carried out in accordance with the relevant provisions of the applicable data protection law (and, where applicable, has been notified to the relevant authorities of the Member State where the data exporter is established) and does not violate the relevant provisions of that State;

- (e) that it will ensure compliance with the security measures;
- (f) that, if the transfer involves special categories of data, the data subject has been informed or will be informed before, or as soon as possible after, the transfer that its data could be transmitted to a third country not providing adequate protection within the meaning of Directive 95/46/EC;

Clause 5

Obligations of the data importer

The data importer agrees and warrants:

- (a) to process the personal data only on behalf of the data exporter and in compliance with its instructions and the Clauses; if it cannot provide such compliance for whatever reasons, it agrees to inform promptly the data exporter of its inability to comply, in which case the data exporter is entitled to suspend the transfer of data and/or terminate the contract;
- (b) that it has no reason to believe that the legislation applicable to it prevents it from fulfilling the instructions received from the data exporter and its obligations under the contract and that in the event of a change in this legislation which is likely to have a substantial adverse effect on the warranties and obligations provided by the Clauses, it will promptly notify the change to the data exporter as soon as it is aware, in which case the data exporter is entitled to suspend the transfer of data and/or terminate the contract;
- (c) that it has implemented the technical and organisational security measures specified in Appendix 2 before processing the personal data transferred;
- (d) that it will promptly notify the data exporter about:
 - (i) any legally binding request for disclosure of the personal data by a law enforcement authority unless otherwise prohibited, such as a prohibition under criminal law to preserve the confidentiality of a law enforcement investigation,
 - (ii) any accidental or unauthorised access, and
 - (iii) any request received directly from the data subjects without responding to that request, unless it has been otherwise authorised to do so;

- (g) to make available to the data subject upon request a copy of the Clauses, or any existing contract for subprocessing, unless the Clauses or contract contain commercial information, in which case it may remove such commercial information, with the exception of Appendix 2 which shall be replaced by a summary description of the security measures in those cases where the data subject is unable to obtain a copy from the data exporter;
- (h) that, in the event of subprocessing, it has previously informed the data exporter and obtained its prior written consent;
- (i) that the processing services by the subprocessor will be carried out in accordance with Clause 11;
- (j) to send promptly a copy of any subprocessor agreement it concludes under the Clauses to the data exporter.

Clause 6

Liability

1. The parties agree that any data subject, who has suffered damage as a result of any breach of the obligations referred to in Clause 3 or in Clause 11 by any party or subprocessor is entitled to receive compensation from the data exporter for the damage suffered.
2. If a data subject is not able to bring a claim for compensation in accordance with paragraph 1 against the data exporter, arising out of a breach by the data importer or his subprocessor of any of their obligations referred to in Clause 3 or in Clause 11, because the data exporter has factually disappeared or ceased to exist in law or has become insolvent, the data importer agrees that the data subject may issue a claim against the data importer as if it were the data exporter, unless any successor entity has assumed the entire legal obligations of the data exporter by contract or by operation of law, in which case the data subject can enforce its rights against such entity.

The data importer may not rely on a breach by a subprocessor of its obligations in order to avoid its own liabilities.
3. If a data subject is not able to bring a claim against the data exporter or the data importer referred to in paragraphs 1 and 2, arising out of a breach by the subprocessor of any of their obligations referred to in Clause 3 or in Clause 11 because both the data exporter and the data importer have factually disappeared or ceased to exist in law or have become insolvent, the subprocessor agrees that the data subject may issue a claim against the data subprocessor with regard to its own processing operations under the Clauses as if it were the data exporter or the data importer, unless any successor entity has assumed the entire legal obligations of the data exporter or data importer by contract or by operation of law, in which case the data subject can enforce its rights against such entity. The liability of the subprocessor shall be limited to its own processing operations under the Clauses.

Clause 7

Mediation and jurisdiction

1. The data importer agrees that if the data subject invokes against it third-party beneficiary rights and/or claims compensation for damages under the Clauses, the data importer will accept the decision of the data subject:
 - (a) to refer the dispute to mediation, by an independent person or, where applicable, by the supervisory authority;
 - (b) to refer the dispute to the courts in the Member State in which the data exporter is established.
2. The parties agree that the choice made by the data subject will not prejudice its substantive or procedural rights to seek remedies in accordance with other provisions of national or international law.

Clause 8

Cooperation with supervisory authorities

1. The data exporter agrees to deposit a copy of this contract with the supervisory authority if it so requests or if such deposit is required under the applicable data protection law.
2. The parties agree that the supervisory authority has the right to conduct an audit of the data importer, and of any subprocessor, which has the same scope and is subject to the same conditions as would apply to an audit of the data exporter under the applicable data protection law.
3. The data importer shall promptly inform the data exporter about the existence of legislation applicable to it or any subprocessor preventing the conduct of an audit of the data importer, or any subprocessor, pursuant to paragraph 2. In such a case the data exporter shall be entitled to take the measures foreseen in Clause 5 (b).

Clause 9

Governing Law

The Clauses shall be governed by the law of the Member State in which the data exporter is established.

Clause 10

Variation of the contract

The parties undertake not to vary or modify the Clauses. This does not preclude the parties from adding clauses on business related issues where required as long as they do not contradict the Clause.

Clause 11

Subprocessing

1. The data importer shall not subcontract any of its processing operations performed on behalf of the data exporter under the Clauses without the prior written consent of the data exporter. Where the data importer subcontracts its obligations under the Clauses, with the consent of the data exporter, it shall do so only by way of a written agreement with the subprocessor which imposes the same obligations on the subprocessor as are imposed on the data importer under the Clauses¹. Where the subprocessor fails to fulfil its data protection obligations under such written agreement the data importer shall remain fully liable to the data exporter for the performance of the subprocessor's obligations under such agreement.
2. The prior written contract between the data importer and the subprocessor shall also provide for a third-party beneficiary clause as laid down in Clause 3 for cases where the data subject is not able to bring the claim for compensation referred to in paragraph 1 of Clause 6 against the data exporter or the data importer because they have factually disappeared or have ceased to exist in law or have become insolvent and no successor entity has assumed the entire legal obligations of the data exporter or data importer by contract or by operation of law. Such third-party liability of the subprocessor shall be limited to its own processing operations under the Clauses.
3. The provisions relating to data protection aspects for subprocessing of the contract referred to in paragraph 1 shall be governed by the law of the Member State in which the data exporter is established.
4. The data exporter shall keep a list of subprocessing agreements concluded under the Clauses and notified by the data importer pursuant to Clause 5 (j), which shall be updated at least once a year. The list shall be available to the data exporter's data protection supervisory authority.

¹ This requirement may be satisfied by the subprocessor co-signing the contract entered into between the data exporter and the data importer under this Decision.

Clause 12

Obligation after the termination of personal data processing services

1. The parties agree that on the termination of the provision of data processing services, the data importer and the subprocessor shall, at the choice of the data exporter, return all the personal data transferred and the copies thereof to the data exporter or shall destroy all the personal data and certify to the data exporter that it has done so, unless legislation imposed upon the data importer prevents it from returning or destroying all or part of the personal data transferred. In that case, the data importer warrants that it will guarantee the confidentiality of the personal data transferred and will not actively process the personal data transferred anymore.
