Tracking Tools, Advertising and Opt-Out

The Services use cookies and similar technologies such as pixel tags, web beacons, clear GIFs and JavaScript (collectively, “Cookies”) to enable our servers to recognize your web browser, tell us how and when you visit and use our Services, analyze trends, learn about our user base and operate and improve our Services. Cookies are small pieces of data— usually text files – placed on your computer, tablet, phone or similar device when you use that device to access our Services. We may also supplement the information we collect from you with information received from third parties, including third parties that have placed their own Cookies on your device(s). Please note that because of our use of Cookies, the Services do not support “Do Not Track” requests sent from a browser at this time.

We use the following types of Cookies:

- **Essential Cookies**. Essential Cookies are required for providing you with features or services that you have requested. For example, certain Cookies enable you to log into secure areas of our Services. Disabling these Cookies may make certain features and services unavailable.
- **Functional Cookies**. Functional Cookies are used to record your choices and settings regarding our Services, maintain your preferences over time and recognize you when you return to our Services. These Cookies help us to personalize our content for you, greet you by name and remember your preferences (for example, your choice of language or region).
- **Performance/Analytical Cookies**. Performance/Analytical Cookies allow us to understand how visitors use our Services. They do this by collecting information about the number of visitors to the Services,

what pages visitors view on our Services and how long visitors are viewing pages on the Services. Performance/Analytical Cookies also help us measure the performance of our advertising campaigns in order to help us improve our campaigns and the Services' content for those who engage with our advertising.

You can decide whether or not to accept Cookies through your internet browser's settings. Most browsers have an option for turning off the Cookie feature, which will prevent your browser from accepting new Cookies, as well as (depending on the sophistication of your browser software) allow you to decide on acceptance of each new Cookie in a variety of ways. You can also delete all Cookies that are already on your device. If you do this, however, you may have to manually adjust some preferences every time you visit our website and some of the Services and functionalities may not work.

To explore what Cookie settings are available to you, look in the "preferences" or "options" section of your browser's menu. To find out more information about Cookies, including information about how to manage and delete Cookies, please visit <http://www.allaboutcookies.org/> or <https://ico.org.uk/for-the-public/online/cookies/> if you are located in the European Union.

Data Security and Retention

We seek to protect your Personal Data from unauthorized access, use and disclosure using appropriate physical, technical, organizational and administrative security measures based on the type of Personal Data and how we are processing that data. You should also help protect your data by appropriately selecting and protecting your password and/or other login mechanism; limiting access to your computer or device and browser; and signing off after you have finished accessing your account. Although we work to protect the security of your account and other data that we hold in our records, please be aware that no method of transmitting data over the internet or storing data is completely secure.

We retain Personal Data about you for as long as you have an open account with us or as otherwise necessary to provide you with our Services. In some cases we retain Personal Data for longer, if doing so is necessary to comply with our legal obligations, resolve disputes or collect fees owed, or is otherwise permitted or required by applicable law, rule or regulation. We may further retain information in an anonymous or aggregated form where that information would not identify you personally.

Personal Data of Children

As noted in the Terms of Use, we do not knowingly collect or solicit Personal Data about children under 16 years of age; if you are a child under the age of 16, please do not attempt to register for or otherwise use the Services or send us any Personal Data. If we learn we have collected Personal Data from a child under 16 years of age, we will delete that information as quickly as possible. If you believe that a child under 16 years of age may have provided Personal Data to us, please contact us at support@affinity.co.

California Resident Rights

If you are a California resident, you have the rights set forth in this section. Please see the "Exercising Your Rights" section below for instructions regarding how to exercise these rights. Please note that we may process Personal Data of our customers' end users, contacts, or employees in connection with our provision of certain services to our customers. If we are processing your Personal Data as a service provider, you should contact the entity that collected your Personal Data in the first instance (for example, your employer) to address your rights with respect to such data.

If there are any conflicts between this section and any other provision of this Privacy Policy and you are a California resident, the portion that is more protective of Personal Data shall control to the extent of such conflict. If you have any questions about this section or whether any of the following rights apply to you, please contact us at support@affinity.co.

Access

You have the right to request certain information about our collection and use of your Personal Data over the past 12 months. In response, we will provide you with the following information:

- The categories of Personal Data that we have collected about you.
- The categories of sources from which that Personal Data was collected.
- The business or commercial purpose for collecting or selling your Personal Data.
- The categories of third parties with whom we have shared your Personal Data.
- The specific pieces of Personal Data that we have collected about you.

If we have disclosed your Personal Data to any third parties for a business purpose over the past 12 months, we will identify the categories of Personal Data shared with each category of third party recipient. If we have sold your Personal Data over the past 12 months, we will identify the categories of Personal Data sold to each category of third party recipient.

Deletion

You have the right to request that we delete the Personal Data that we have collected about you. Under the CCPA, this right is subject to certain exceptions: for example, we may need to retain your Personal Data to provide you with the Services or complete a transaction or other action you have requested. If your deletion request is subject to one of these exceptions, we may deny your deletion request.

Exercising Your Rights

To exercise the rights described above, you or your Authorized Agent (defined below) must send us a request that (1) provides sufficient information to allow us to verify that you are the person about whom we have collected Personal Data, and (2) describes your request in sufficient detail to allow us to understand, evaluate and respond to it. Each request that meets both of these criteria will be considered a "Valid Request." We may not respond to requests that do not meet these criteria. We will only use Personal Data provided in a Valid Request to verify your identity and complete your request. You do not need an account to submit a Valid Request.

As described above, if we are processing your Personal Data as a service provider, you should contact the entity that collected your Personal Data in the first instance (for example, your employer) before sending us a Valid Request. Once we have received that entity's permission, you may send us a Valid Request.

We will work to respond to your Valid Request within 45 days of receipt. We will not charge you a fee for making a Valid Request unless your Valid Request(s) is excessive, repetitive or manifestly unfounded. If we determine that your Valid Request warrants a fee, we will notify you of the fee and explain that decision before completing your request.

You may submit a Valid Request using the following methods:

- Email us at: support@affinity.co

- Submit a form at this address: <https://www.affinity.co/ccpa>

You may also authorize an agent (an “Authorized Agent”) to exercise your rights on your behalf. To do this, you must provide your Authorized Agent with written permission to exercise your rights on your behalf, and we may request a copy of this written permission from your Authorized Agent when they make a request on your behalf.

Personal Data Sales Opt-Out and Opt-In

In this section, we use the term ‘sell’ as it is defined in the CCPA. We sell Professional or Employment-Related Data about our customers’ contacts and/or our customers’ end users’ or employees’ contacts that we collect from third-party vendors, subject to those contacts’ right to opt-out of these sales. However, we will not sell any Personal Data in connection with your access or use of our products or our mobile applications.

If you are a contact of an Affinity customer or a contact of an Affinity customer’s end users or employees, we sell your Personal Data to the following categories of third parties:

- Customers

Over the past 12 months, we have sold the following categories of your Personal Data to the categories of third parties listed above:

- Professional or Employment-Related Data

You have the right to opt-out of the sale of your Personal Data. You can opt-out using the following methods:

- You can complete the online form found here: <https://www.affinity.co/ccpa>
- Email us at support@affinity.co

Once you have submitted an opt-out request, we will not ask you to reauthorize the sale of your Personal Data for at least 12 months. If you do opt-out of the sale of your Personal Data, we may still process your Personal Data as a service provider for our customers, but we will no longer augment any Personal Data from third parties.

To our knowledge, we do not sell the Personal Data of minors under 16 years of age.

We Will Not Discriminate Against You for Exercising Your Rights Under the CCPA

We will not discriminate against you for exercising your rights under the CCPA. We will not deny you our goods or services, charge you different prices or rates, or provide you a lower quality of goods and services if you exercise your rights under the CCPA. However, we may offer different tiers of our Services as allowed by applicable data privacy laws (including the CCPA) with varying prices, rates or levels of quality of the goods or services you receive related to the value of Personal Data that we receive from you.

Other State Law Privacy Rights

California Resident Rights

Under California Civil Code Sections 1798.83-1798.84, California residents are entitled to contact us to prevent disclosure of Personal Data to third parties for such third parties' direct marketing purposes; in order to submit such a request, please contact us at support@affinity.co.

Your browser may offer you a "Do Not Track" option, which allows you to signal to operators of websites and web applications and services that you do not wish such operators to track certain of your online activities over time and across different websites. Our Services do not support Do Not Track requests at this time. To find out more about "Do Not Track," you can visit www.allaboutdnt.com.

Nevada Resident Rights

If you are a resident of Nevada, you have the right to opt-out of the sale of certain Personal Data to third parties who intend to license or sell that Personal Data. You can exercise this right by contacting us at support@affinity.co with the subject line "Nevada Do Not Sell Request" and providing us with your name and email address.

European Union Data Subject Rights

For this section, we use the terms "Personal Data" and "processing" as they are defined in the GDPR, but "Personal Data" generally means information that can be used to individually identify a person, and "processing" generally covers actions that can be performed in connection with data such as collection, use, storage and disclosure. Affinity will be the controller of your Personal Data processed in connection with the Services.

If there are any conflicts between this section and any other provision of this Privacy Policy, the policy or portion that is more protective of Personal Data shall control to the extent of such conflict. If you have any questions about this section or whether any of the following applies to you, please contact us at support@affinity.co. Note that we may also process Personal Data of our customers' end users, contacts, or employees in connection with our provision of certain services to customers, in which case we are the processor of Personal Data. If we are the processor of your Personal Data (i.e., not the controller), please contact the controller party in the first instance (for example, your employer) to address your rights with respect to such data.

In some cases, we may also need you to provide us with additional information, which may include Personal Data, if necessary to verify your identity and the nature of your request. Affinity's compliance with the Privacy Shield is subject to the investigatory and enforcement powers of the U.S. Federal Trade Commission.

Please contact us at privacyshield@affinity.com with any questions or concerns relating to our Privacy Shield Certification. If you do not receive timely acknowledgment of your Privacy Shield-related complaint from us, or if we have not resolved your complaint, you may also resolve a Privacy Shield-related complaint through JAMS, an alternative dispute resolution provider located in the U.S. You can visit <https://www.jamsadr.com/file-an-eu-us-privacy-shield-or-safe-harbor-claim> for more information or to file a complaint, at no cost to you.
